My Favorite
FREE FONTS

By Hector Lara

Choosing fonts can be overwhelming—there are so many out there, and they're all slightly different. Here are 6 of my favorites, and the best part is, they're all free! You can download them from https://fonts.google.com.

Aa
Inter

A no-frills font that's versatile and highly legible. I recommend it for body text.

Aa
Outfit

A clean and geometric font with a modern feel. Great for headings as well as body text.

Aa
Hanken Grotesk

A simple font with just the right amount of personality. Inspired by old Gothic fonts.

Aa
Crimson Pro

A contemporary serif font that's easy to read. Use it to convey elegance or sophistication.

Aa
Syne

A bold and dynamic font. Great for headings where you want to make a statement.

Aa
Caveat

A fun handwritten font. Use it sparingly to add personality to headings and labels.
